Bowles Will Stay Here.
Samuel P. Bowles, who is wanted in Dearborn County, Ind., on several indictments, and for whom Prosecuting Attorney McCollum came here last evening with a requisition from the Governor of that State, will remain here, as the authorities want to try him here first. Bowles is still in jail.

Blanche Bennett Again.
A special from St. Louis states that Emma Blanche Bennett, the unfortunate young lady who commenced a life of shame in this city, had attempted suicide by shooting herself in the breast, inflicting a wound which will probably prove fatal. This young lady was at one time a respected member of society here, but she gradually surrendered to the fascinations of a fast life, and her sad career will probably have the usual end—a suicide's death.

Carriage Makers.
The journeymen carriage makers of this city will meet Friday evening at Hibernia Hall, corner of Ninth and Plum streets, at 7½ o'clock, instead of Linn and Clark, as heretofore. Their proposed organization of a joint stock company is progressing rapidly, and bids fair to become a complete success.

Abbott Suspended.
The case of J. H. Abbott has been disposed of by the Seventh-street Congregational Church, by suspending that gentleman from the fellowship of the church for the period of one year.

The cause of this action has already been published in the Star.

Mr. Abbott threatens to appeal the case, and as he has several warm and dear friends in the church, there may be further proceedings in the case, and bad feelings generated.

The pastor, Mr. Fitch, and Mr. Breed, a prominent member, were active against Mr. Abbott.

Coroner's Inquests.
The body of the man found in the river at Fleischmann's Landing, Riverside, yesterday, was identified as that of Frederick Groke, a native of Germany, who has been living in this country about fourteen years. Of late he has not been in good health. The last time he was seen was on Monday, when he visited Henry Hartman, a tailor in Sedansville. The Coroner held an inquest last evening, and returned a verdict of accidental drowning.

About 7 o'clock last night Charles A. Scott, a colored man, while passing along the south side of Eighth street, between Race and Elm, discovered a package lying on the pavement and wrapped in a white handkerchief. The bundle was taken to Ninth-street Station, when a male (cont.)

VOODOO DOCTOR HEARD FROM.
How He Tried to Cure a Child by His Charms.

Health Officer Dr. Minor yesterday received the following original death return:

"From Dr. Greenberry:
"Little Henry Johnson died yesterday the 5th, with the crupie and a heavy cold in two spasms he died."

Greenberry is the colored Voodoo Ecuplapius who cures his patients not by medicine but by the simple act of laying his hands upon the sick.

Some time ago Greenberry came to the Health Office and wanted a license to practice as a doctor. He was unceremoniously bounced, and told that the first death that would take place under his treatment the case would be investigated.

The Coroner was notified last evening that the child of Henry Johnson had died under the quack's hands, at 89 George street.

He found that Dr. McKennie had treated the child last summer, and had told the mother he could do nothing for it and that it was bound to die.

In despair the mother applied to Greenberry, who promised to cure the child, and succeeded in getting five or six dollars from her. He did nothing for the child, except to give her some herb teas.

The Coroner found that the infant would have died under any treatment, for, although it was nineteen months old, it does not weigh seven pounds. Its breast was more than three inches in width. Coroner

Carrick did not deem it necessary to hold an inquest, as the child had died from marasmus.

HOUSE OF REFUGE.
Annual Reports of Officers.

The Directors of the House of Refuge held an adjourned meeting yesterday afternoon at the institution.

The Superintendent's annual report was read.

Whole number of inmates admitted since the organization of the House of Refuge, 3,982; admitted during the year—95 boys, 17 girls; total, 112; discharged—138 boys, 24 girls; total, 162; remaining at date—154 boys, 46 girls; total, 200.

Of the 112 committed, 61 were from the city, 12 from Ohio exclusive of the city, 11 from Kentucky and 6 from Indiana.

An inventory shows the property in the institution to be worth \$44,496.63.

The Secretary's report shows the receipts to have been \$44,157.65; disbursements \$49,428.76.

Superintendent Monfort demanded that as his character while in office had been assailed by the Commercial, an investigation be made. Messrs. Minor and Webb were appointed to audit the books of the institution, and that they be requested and authorized to employ a competent accountant or expert to assist in the examination.

The annual report of the Board of Directors was read and ordered printed.

Adjourned.

THE ROGUES' RIDE.
Passengers Booked To-day for the Black Maria.

James Murphy, the painter residing at the corner of Henry and Elm streets, waived his examination this morning on the charge of burglarizing Julius Becker's paint-shop at 115 McKien avenue.

About 2 o'clock this morning Officers Doran and Hurling arrested a colored man named John Adams, who, in company with a pal, had placed a ladder against the rear of the house of Mr. Block, on Elm street above Ninth, and were attempting to enter the second story window. Several shots were fired between the officers and the thief, who escaped, but no one was hurt. Adams will be tried to-morrow. Bail \$800.

Moses Bloom, a peddler, working for Geo. Whitman, was fined \$25 for embezzling \$3 from his employer, and Whitman was also fined \$25 for settling the case after he had sworn out the warrant.

James Ryan, a well-known crook who attempted to pry open a window in the tailor shop of Mr. Schroeder, No. 507 Main street, a few nights ago, was given a sentence of \$100 and twelve months.

Edward Morgan stole sixty mail sacks from the firm of Perin & Gould, on Front street, last night, for which he went out for three months.

Wm. Smith went out for three months for stealing a suit of clothes from the store of I. L. Winneman, No. 188 West Fifth street.

Andrew Wilson and Ed. Benton, common thieves, were given sentences of thirty days each; and Wm. McKeown, charged with being the same sort of character, will be tried to-morrow.

Damages to Tariffville Sufferers.
[Hartford Courant.]

The Connecticut Western Railroad Company has effected a settlement with Scott G. Goodwin, of New Hartford, who with his wife was injured at the time of the bridge disaster at Tariffville. Mr. Goodwin sued the Company for \$6,000, and attached the engine Bloomfield. This he stored in a small frame building at Winsted, erected at his own expense, and held it under attachment for several months. A few days ago Director Merriam had an interview with Mr. Goodwin, and a settlement of the case was effected for a figure which was only a small fractional part of the sum claimed. Thereupon the suit was withdrawn and the engine released and put in service on the road. There are only three other claims pending on account of the Tariffville disaster, and an early settlement of them is anticipated. All the claims have been adjusted for smaller sums than the Company would cheerfully have paid had the treasury been in a better condition.

North Carolina has one hundred and eleven thousand and thirty-nine dogs—about one dog to every three sheep. Twenty-eight thousand and eighty-one sheep were destroyed last year by these faithful guardians of man's interests, and the Commissioner of Agriculture wants to know if a man can keep a species of property by which the value and existence of his neighbor's property is constantly imperiled.

The unprecedented demand for Dr. Bull's Cough Syrup has had the effect of bringing out numerous similar remedies; but the people are not so easily induced to make a trial of the new article, when they value the old and reliable one—Dr. Bull's Cough Syrup.

One-fourth of the Mortality
In this country, is due to neglected coughs. This is a statistical fact, and it is equally true that no cough or cold would ever prove fatal if the great balsamic remedy, "Hale's Honey of Horehound and Tar," were taken in the early stages. Reflect on this.

CHILL CURE.

Indigestion, Dyspepsia,

THE HOME JOURNAL CONSIDERS THESE THE PHYSICAL CURE OF AMERICA.

It says: "Indigestion, with its alternate name of 'Dyspepsia,' is to-day the physical cause of America, destroying more lives than consumption, and breaking up more households through ill temper than all the vices. When will we learn that to eat too fast, laboriously thinking and planning all the while, is 'driving nails into our coffin' with a steam hammer?"

If you will not adopt a correct and rational mode of living, eating not too fast, then it is of vital importance that you alleviate the evil results sure to follow. A writer in the Mercantile and Trade Journal, speaking of Magill's Chill Cure, Tonic and Appetizer, has this to say: "As it has been used for dyspepsia in our own family with unprecedented success, after our physician, who has the reputation of being one of the best practitioners in the city, and all other medicines had failed, we do not hesitate to recommend it to all who may be afflicted."

Magill's Chill Cure, Tonic and Appetizer is a vegetable preparation, contains no Arsenic, Calomel, Mercury, Quinine or injurious ingredient. It cures Fever and Ague, Chills and Fever, Dyspepsia, Biliousness, Neuralgia and all Malarial Diseases. Price, \$1.00 per bottle. Sold by wholesale and retail druggists and Medicine dealers generally.
